

Your Water Meter Upgrade is Coming Soon!

Water Resources is in the process of upgrading its water meters as part of GSO WaterWise, and ***we're kicking this off in your area in the coming weeks.***

Timely alerts for leaks

24-hour access to your water use
(future benefit)

Enhanced customer service

Reduced carbon footprint

This enhancement will allow a safer, more secure, and efficient way to read your water meter. GSO WaterWise provides many benefits including more information and control over your water service.

SERVICE ADDRESS:

Comments? Questions? Call 866-963-3937 or go to www.greensboro-nc.gov/GSOWaterWise

We are partnering with Concord Utility Services for meter installation. A meter technician will be in your area in the coming weeks. You don't need to be present or have an appointment. You can identify them by their uniform and photo ID. They will follow COVID-19 protocols. You may experience a brief service interruption lasting approximately 15-30 minutes.
