Greensboro Coliseum Complex

GREENSBORO COLISEUM COMPLEX

The Greensboro Coliseum Complex was conceived as, and continues to be a multi-building facility to serve the Citizens of Greensboro and the surrounding area through a broad range of activities, including athletic events, cultural arts, concerts, theater, and other entertainment, educational activities, fairs, exhibits, and public and private events of all kinds, such as conventions, convocations, trade and consumer shows. It is both a primary center of activity for the community as well as one of many resources central to community-wide events. Therefore, the Complex must provide opportunities for community activities and events while operating as a facility which generates economic activity in Greensboro.

GREENSBORO AQUATIC CENTER

The Greensboro Aquatic Center (GAC) is a premier nationally recognized competition venue and host to many National and Collegiate Competitions in Swimming, Diving, Water Polo and Artistic / Synchronized Swimming. Use of the pools MAY be interrupted by the exclusive use of the GAC to host major meets and the facility would be closed to regular users. We will continue to provide as much notice as possible for such events.

STEVEN TANGER CENTER FOR THE PERFORMING ARTS

The Steven Tanger Center for the Performing Arts' mission is to inspire through the arts as one of the nation's leading performing arts destinations. By being a patron experience driven organization, we seek to strengthen local economic growth and provide the Piedmont Triad region with access to first-class entertainment experiences.
